

## Building Construction Experience

Acron Building Services Pty Ltd works for numerous Government departments, Commercial businesses, Restaurants and Cafes all over Sydney.

Our work ranges from minor building works including, repairs and maintenance, minor construction, total fitouts and refurbishments.

Some examples of recently completed projects are:

Roads & Traffic Authority, Granville Fleet Depot. General maintenance works including modifying partitioning, painting, carpeting, ceiling repairs, upgrading communication cabling from CAT5 to CAT6. Construct new meeting rooms and offices. Acron programmed trades to work around an occupied site. The slab of the depot was raised by using a Uratek injection system. The Roads & Traffic Authority contracted Acron to be a Construction Manager for this project.

Benchmark Stainless Steel & Catering Equipment. Office and show room fitout comprising of partitioning, reception joinery counter, painting, carpeting, electrical and plumbing works. Project size: 800m<sup>2</sup> approximately.

The Gallipoli Memorial Club, Loftus St, Sydney.

Refurbishment and upgrade of 3rd floor bar and complete strip out and renovation of the ground floor main bar. Project size: 600m<sup>2</sup> approximately.

Van Sun Engineering, Seven Hills.

Design and construct a mezzanine floor and office extension with a working steel engineering shop.

Roads and Traffic Authority.

Ongoing facility management and fitout works including carpentry, painting, concreting, fencing, brickwork and joinery works.

Ecolab.

Office refurbishment, renovation and ongoing maintenance works.

Bing Lee.
